Portfolio, High Workplace Table, small

The tall Portfolio Workplace Table made in solid white oiled ash, is designed for dynamic, upright work environments where clarity of form meets purposeful function. At 103 cm in height, it supports stool and standing collaborative use while maintaining a clean, composed surface. Two discreet cable points enable organised connectivity, and integrated glides on the underside ensure stability across varied floor finishes. Beneath the tabletop, three recessed metal strips run depth-wise, reinforcing the desk structure and preserving the integrity of the surface over time. An architectural workspace piece defined by balance, durability, and quiet precision. Inquire for Details Colour: White Oil Stained Ash For contracting, hospitality and other commercial projects, please contact us to receive a quote. Download tear sheet.
